

**HARMONY OF THE SEAS
CARRIBEAN CRUISE
FEBRUARY (23) 24 – MARCH 3, 2018**

Cruise the warm waters of the Caribbean with **US Air Conditioning and York** on the stunning **Harmony of the Seas**, the newest addition to Royal Caribbean's award-winning Oasis-Class fleet. Proudly christened as the largest cruise ship in the world, the sheer size of the Harmony of the Seas is simply astounding! It's easy to forget you're on a ship,

especially when you're strolling through peaceful Central Park with its 12,000 lush plants and trees; or riding the carousel at the bustling amusement park on the Boardwalk. Slide into adventure on the four ginormous waterslides and the Ultimate Abyss, a 10-story slide that sends you plunging down a tunnel of neon lights and darkness at a speed of 9 feet per second! More adventures await at the rock climbing walls, zip line, and the popular FlowRiders (two of them!) where you can perfect your surfing skills or watch the spills and falls of a beginner ó always a good time! Lounge by the

Main Pool or chill in a chair with your feet in the water at the Sloping Beach Pool. The Sports Pool has lanes for swimming laps, and the Solarium pool is an adults-only space to unwind in tranquility.

The Royal Promenade is the place to go for shopping, dining, and dancing ó check out the Bionic Bar where robot-bartenders expertly mix your favorite cocktail. Entertainment choices onboard vary from intimate bars with an acoustic guitarist, to Broadway-style productions like the hit musical "Grease." The nightly shows at the Aqua Theater feature former Olympic divers and a high-tech light show. Whether it's a parade on the Royal Promenade, an exciting night in the casino, a pub crawl, or dancing under the stars, you will always find outstanding selections. The ship's dining

options (over 20 to choose from!) offer everything from low-key grab-and-go meals to multicourse, culinary delights. Venture down the rabbit hole at the Wonderland Imaginative Cuisine, where you have to paint the blank menu with water to read the dining choices. At the end of the day, relax in your **Ocean View Balcony Stateroom** complete with private

bathroom, flat screen television, sitting area, king bed, and more. Take some time to share memories with friends back home with VOOM, the fastest internet on the oceans.

We'll have three days at sea to discover the wonders of the Harmony. We'll also visit the pristine island of **St.**

Maarten where you'll find sophisticated European charm and gorgeous beaches. The next stop will be **Puerto Rico** ó historic 16th century fortifications, the El Yunque Rainforest, and charming Old San Juan are just a few of the choices here. Our last stop will be **Labadee**, Royal Caribbean's own private paradise! Spend your day on the beach, snorkel in the warm Caribbean waters, dance in the sand to a calypso band, or try a breathtaking ride on the island's zip line. You're guaranteed to have an

ultimate adventure with **US Air Conditioning and York** on the Harmony of the Seas. See you on board!
